Mutual Trust Cyprus Limited

COMPANY

Mutual Trust has specialized in providing international trust and corporate solutions and services since 1974 and in Cyprus since 1992. These include company registration and the creation of international trusts. Full management and administration of companies and trusts is also provided. Additionally we have a range of specialist firms at hand to independently provide investment, insurance and tax advice.

The management is a multi-disciplinary team of professionals including legal, financial and accounting experts. Importantly this is combined with a depth of business and practical experience that ensures that both solutions and day to day matters are dealt with in a realistic and effective way.

We have grown through combining our expertise with an attention to detail and to our clients' needs. We also work with clients' tax and other professional advisers so that emphasis is given to developing the best solution.

CYPRUS

Cyprus offers many advantages: a member of the EU; proximity to Africa and the Middle East; and favourable tax treaties for activities in Russia and the FSU. Its fiscal regime is attractive to all areas of business and is complemented by laws that make it a highly desirable for holding companies, asset protection and royalty structures.

SERVICES

Our expanding portfolio of clients comprises International companies, high net worth individuals, banks, financial institutions and many others.

Trust services in respect of all matters related to International trusts. From expert advice during the trust creation, to administration of the trust assets once created.

Corporate services related to International business:

- *Company Registration
- *Company Secretary & Secretarial services
- *Registered Office
- *Invoicing and trade support
- *Banking assistance
- *Office services

International Tax Planning: We have many creative solutions that appropriately consider tax, trading or other aspects. Areas frequently dealt with are: Royalties; Intellectual Property rights; Holding companies; and VAT

While we typically include tax in our own review and ensure that it is appropriately considered, we always recommend clients to seek independent advice
